

Not your typical summer camp!

At LEAD WI, we believe the best time to start being a leader is NOW, and the best way to learn is to DO IT!

That's why we're launching an authentic leadership simulation where high-school students have the opportunity to experience the roles of community leaders first-hand in their state capitol.

Mix that in with engaging Biblical worldview discussions, faith-building worship, compelling chapel, a hearty dose of recreational activities, and lifelong relationships built throughout the week... and you've got a pretty good idea of what LEAD WI looks like!
